Margaretan Scholars

The Margaretan Program, named for the foundress of the Sisters of St. Francis of Christ the King, was developed to provide instruction, guidance and support to those students experiencing learning

difficulties because of specific learning needs. The student best served by this program is the intellectually able student experiencing academic difficulties due to a diagnosed disability, but who has the potential to succeed at the college level.

Margaretan Objectives

- Assist students in developing a healthy self-concept and a positive attitude toward learning and school.
- Help students discover their unique talents, qualities and potential in a caring, peaceful environment.

- Provide a quality college prep academic program with attention to instruction appropriate to the student's specific learning needs within the regular curriculum. The curriculum will be delivered with more supplemental activities to accentuate key mastery concepts.
- Provide assistance in improving organizational skills and study skills.
- Recommendations from provided documentation will be considered.

Curriculum

The curriculum is based on 25.5 credits over a 4 year period. Students can be in the Margaretan Program for four years, however the goal is to mainstreamed students as soon as they can work successfully as an independent learner.
